🏠 Hubs for Change: Strengthening Entrepreneurial Vocational Education

We are excited to introduce **Hubs4Change** — a **36-month international capacity-building project** focused on transforming VET providers into modern **Entrepreneurial Hubs**.

The project aims to strengthen vocational education systems in Ukraine UA, Georgia GE, and Moldova MD by integrating **entrepreneurship, innovation, and practical learning** into training programmes while equipping VET teachers and trainers with mentoring and entrepreneurial education skills. Through the creation of Entrepreneurial Hubs, learners will have the opportunity to develop business ideas, gain hands-on experience, collaborate with mentors, and connect with industry professionals and local innovation ecosystems 💼

Implemented by partners from Greece GR, Lithuania LT, Ukraine UA, Georgia GE, and Moldova MD, Hubs4Change promotes **cross-border collaboration, innovation-driven learning, and stronger links between education and labour market needs**.

🚀 Main Objectives of the Project

Through the Hubs4Change project, the consortium will work to:

🔹 developing sustainable frameworks and digital tools for Entrepreneurial Hubs within VET institutions to support their long-term growth;
🔹 developing modern entrepreneurship-focused learning programmes and mentoring materials;
🔹 equipping VET teachers and trainers with mentoring and entrepreneurial education skills;
🔹 organising pilot trainings, hackathons, and international Work-Based Learning opportunities across Europe;
🔹 fostering cooperation between education providers, businesses, and innovation stakeholders.

🛠️ Key Activities and Deliverables

During the project, partners will implement a wide range of educational and practical activities, including:

✨ development of entrepreneurial curricula, mentoring materials, and blended learning programmes for VET trainers
✨ creation of physical Entrepreneurial Hubs and a multilingual digital e-Hub platform
✨ pilot trainings, mentoring sessions, and local hackathons
✨ international Work-Based Learning opportunities across Europe 🌍
✨ stakeholder engagement and cooperation with businesses and innovation ecosystems

The project will also promote its activities and results through **digital campaigns, events, and cooperation with the Erasmus for Young Entrepreneurs network** 📣

🤝 International Partnership
